

mg\_str

```
graph BT; mg_ws_message[mg_ws_message] -.->|data| mg_str[mg_str];
```

The diagram illustrates a pointer relationship between two variables. At the bottom, a gray rectangular box contains the text 'mg\_ws\_message'. A dashed purple arrow points vertically upwards from this box to a white rectangular box at the top containing the text 'mg\_str'. To the right of the arrow, the word 'data' is written in a light gray font.
